We would like it set up to put up  
wind towers. We really would like to  
see some go up. We have a wind between  
class 3 & 4. I live 3 miles from the  
coal power plant. I live on a bluff.

The poles ARE ON EACH side of my field.  
I do NOT WANT ANY SET in the field.  
IF THEY PUT the new pole where the old  
ones ARE, there is NO ~~problem~~ trouble.

In your opinion, what are the most sensitive resources (biological, cultural, recreational, ect.) in the Project area and why?

None.

In your opinion, was the project description, purpose, and need for the project adequately explained? If not, what additional information is needed?

YES IT WAS.

Please tell us how to reach you.
